

Year Three Homework Pack Two

English SPAG

Look at these adjectives.

Group them together into sets that are the same. (Look at the ends of the words.)

wetter	messier	reddest	lazier
luckier	fatter	fullest	flatter
happier	hotter	jolliest	cosiest
busiest	easier	thinnest	craziest
sadder	healthier	noisiest	untidiest

Challenge

Can you write a rule for each set? Why are those words together?

Think about how the word is spelt **before** the -er, -ier or -est ending has been added.

For example -

lucky has become luckiest. (What's happened to the y?)

Is it the same for busy?
