Year 5 had a wonderful trip to the Bonded Warehouse in Stourbridge, where we travelled along the canal and went through a lock. On the way we saw a lot of wildlife in their natural habitats, which supported our Science topic this term 'All Living Things in their Habitats.' Two Mallard ducks were having a fierce dispute over a female and it was quite a contest.

Vikings

YEAR 5

KATES HILL
PRIMARY
Dudley

Year 5 have been learning about the Vikings. During our topic we learnt how to construct and build a wall, similar to those used in a Viking longhouse. Firstly, we had to place some canes in the ground as uprights and then we wove willow branches between them to make a lattice structure. To this we

then daubed on a damp mixture of mud, hay and 'manure', all mixed up with water. This is called 'wattle and daub'. We had a lot of fun and got pretty dirty.

FIGUREHEADS

We also designed and made 3D heads to go on the prow of a long ship – the Vikings used these to scare their enemies and to ward off evil spirits.
